

Specialization in 3D

AI AI-INTEGRATED
COURSE

680 Hours
(Training + Practical)

18 Months

Specialization in 3D is an 18 Months advanced certificate program focused on 3D Animation and Production. The program covers the complete 3D production pipeline – from pre-production and filmmaking fundamentals to advanced modeling, texturing, rigging, animation, FX, and real-time cinematic workflows. With AI-integrated creative tools and industry-standard software, students build production-ready skills aligned with studio requirements.

**CAREER
OPPORTUNITIES
AFTER COMPLETION**

- ◇ 3D Animator
- ◇ 3D Modeler
- ◇ Character Modeler
- ◇ Environment Artist
- ◇ Texture Artist
- ◇ Look Development Artist
- ◇ Rigging Artist
- ◇ Rendering Artist
- ◇ FX Artist
- ◇ Unreal Cinematic Artist
- ◇ Game Asset Artist
- ◇ CGI Artist
- ◇ Visual Development Artist
- ◇ Lighting Artist
- ◇ Technical 3D Artist
